

**BEFORE THE ENERGY RESOURCES CONSERVATION AND DEVELOPMENT COMMISSION
OF THE STATE OF CALIFORNIA**

IN THE MATTER OF:

**APPLICATION FOR CERTIFICATION FOR THE
IVANPAH SOLAR ELECTRIC
GENERATING SYSTEM**

DOCKET No. 07-AFC-5

ORDER EXTENDING DEADLINE FOR DATA REQUESTS

Section 1716(e) of Title 20 of the California Code of Regulations provides as follows: "All requests for information shall be submitted no later than 180 days from the date the commission determines an application is complete, unless the committee allows requests for information at a later time for good cause shown." The Ivanpah SEGS project was deemed Data Adequate on October 31, 2007. April 28, 2008 is the date that is 180 days from the date the Ivanpah SEGS project was determined to be Data Adequate.

The Applicant, the Staff of the California Energy Commission, and Intervenor California Unions for Reliable Energy, collectively referred to as "the Parties" have jointly stipulated and agreed and the Committee concurs with the assessment of the Parties that additional time for requests for information without a required showing of good cause is consistent with facilitating further public participation in this proceeding.

IT IS THEREFORE ORDERED that the April 28, 2008 deadline for requests for information is extended to June 2, 2008. Further, after June 2, 2008, the Committee may, upon good cause showing, allow for additional requests for information pursuant to the discretion granted to the Committee in Section 1716(e) of Title 20 of the California Code of Regulations.

Dated April 24, 2008, at Sacramento, California.
